NUMBER 30

ANTI-SALOON LAW.

Extension Favored by Tennessee Senate.

Bill Passed by Vote of Twenty Five to Five.

At Nashville, Tenn., by a vote of 25 to 5 the Senate put itself on record as favoring the extension of the Adams anti-saloon law to every city in the state which chooses to abolish its present charter and re-charter without saloons. The result was not accomplished without a fight. The bill had been in the hands of the Committee for ten days and under the rules could be called out of committee after five days. The temperance leaders claimed that an effort was being made to hold the bill up in committee. The Chairman Pendleton notified Chairman Edgington that he intended to call the bill, but Edgington asked him not to do so, saying he would convene the committee. After voting down of an amendment by Senator Cox providing for submitting the saloon issue to popular vote in each of the cities affected and several other minor amendments, the committee adjourned. An effort was made in committee to postpone action.

Soon after the senate convened an effort to refer the bill to another committee failed, and the bill was put on the table.

The Pendleton bill goes to the House, which is almost sure to pass it, despite the strenuous opposition of Gov. Patterson and other Democratic leaders.

If the bill becomes a law, Columbia, Clarksville and Mt. Pleasant will at once take advantage of it, but Nashville, Knoxville, Chattanooga and Memphis, will hardly ask for the repeal of their charters and reincorporation. The fight for the repeal of the present Memphis charter will now proceed more actively than ever, for if a new charter is not enacted until after the passage of the Pendleton bill Memphis will come under the operations of the latter law and be deprived of saloons.

The House liquor traffic committee recommended the anti-jug bill for passage, to stop the shipment of liquor, beer, etc., into dry counties.

Denied Admission.

Mrs. Carrie Nation and two friends called at the White House on Thursday. They were not admitted.

May Study Tobacco Worms Of Kentucky.

Representative Lacey, of Iowa, champion of wild birds, led a winning fight in restoring to the agricultural appropriation bill a section relating to biological investigations, and appropriating \$44,420 for the purpose of making a scientific study of the food and habitat of Northern American birds and mammals, in relation to Agriculture, Horticulture and Forestry.

WILL NOT DOWN.

Political World Still Speculate on Brownsville Affair.

N. Y. dispatch to Cincinnati Inquirer.

The political world continues to discuss the Brownsville affair. Interest in it will not down and that the action of President Roosevelt will be a great factor in the next Presidential campaign goes without saying. Political leaders are considering whether Mr. Roosevelt by his stand in the matter has succeeded, in breaking the Solid South, without making great inroads upon the strength of his party in the North. Also, whether by any possibility, the erratic nature of the President may give rise to some other incident which will overshadow the Brownsville affair in importance. There are Republican leaders here who proceed upon the theory that the President is full of sensational precedents and therefore to conduct the administration from now until 1908 without any is impossible so far as he is concerned.

Democratic leaders here are giving much consideration to the political effects of the Brownsville affair.

BEVERIDGE

Says the Next Standard Bearer Of Democratic Party Approves His Child Labor Bill.

In his speech in behalf of his child labor bill Senator Beveridge presented a number of affidavits setting forth conditions in Southern cotton mills, and asserted that many children under twelve years were working in these mills. He said hearty commendation of the measure had been made by "the man who will be the next standard-bearer of the Democratic party," and also by the present President of the United States.

"I want to know about the endorsement of the next standard bearer of the Republican party," suggested Mr. Carmack.

"My dear—" began Mr. Beveridge, "there are many things you want to know which I am not going to tell you."

Democrats Give Support.

The Democrats of the Indiana House will support a primary election bill and the two-cent railroad fare bill. The Hanner railroad fare bill, the Hannan bill to authorize Sheriffs to destroy gambling apparatus was reported for passage, as were also the bills placing a tax of \$8,000 on loan sharks, fixing the life penalty for kidnapping for the purpose of ransom, and making the carrying of concealed weapons a felony. The Gannard "blind tiger" bill was reported unanimously for passage.

Two-Cent Fare Bill Passed.

At Little Rock, Ark., the Senate passed the Two-cent Railroad Rate Bill 32 to 1, amending it to take effect sixty days after passage.

LITTLE BLOSSOM

"Oh dear! I've so tried and longed; I wonder why mamma don't come; She told me to shut up my blue eyes, And 'twas so dark I could not see home, See how we were longing to see mamma; She lives on the river so bright; I speak that my mamma fell in there, And 'twas so dark I could not see home, But I'll try again to shut up my eyes, And I'll try again to see mamma.

"I speak that my mamma fell in there, And she stumbled and fell up the stair; And then she came to see me again, He looked at me with his little eyes, And mamma was all pale and frightened, And hugged me up close to her breast, And called me her poor little blossom, And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

And then she pulled poor little blossom,

And I spoke that my mamma fell in there.

"But I remember that mama was angry,

His face was so red and so white,

And I remember she strucked poor mamma,

Persons interested in pure foods should read in this issue "Expert Testimony" about milk, oysters, etc.

Some papers are having much to say about Jim Hargis, of Jackson, prospecting for bluegrass farm. We do not regard the matter of sufficient importance to occupy much time or space.

There is much uneasiness in the Sixth Appellate district fearing Judge A. W. Young may become a candidate. The Advocate's Editorial of last Wednesday was not at all satisfactory to the friends of the announced candidate.

TO SUFFER FOR HIS SAKE.

"For unto you it is given in the behalf of Christ, not only to believe on Him, but also to suffer for His sake." Philip, 1, 29.

This has often happened to men who, in defense of what they know to be right and for the good of a community, have had the courage to oppose evil. Ostracism, threats, violence, or coldness and indifference of friends are some of the fruits of such opposition. Again there are expressions of sympathy, co-operation and consciousness of duty done which repay for all anxieties.

NOT SINCERE.

John Skain, candidate for Mayor of Lexington, in reply to questions by Anti-Saloon League, said he would, if elected, strictly enforce laws against selling whiskey on Sunday or to minors, and gambling. His opponent, Mr. Wilkerson, accuses Skain of insincerity, and gives certified copies of indictments against Skain for each of these offenses, and says that he was indicted 25 times, and thinks Skain is not a suitable man for the place, as he was guilty of these offenses while holding office of Councilman of Lexington, some of them being committed ten years ago. Mr. Skain replies that Mr. Wilkerson while Sheriff failed to execute laws which he had sworn to uphold. The temperance question is coming to the front.

DR. KIRTELEY'S PHILOSOPHY
The lie that screens you today will sorcery tomorrow.
No one can yield the larger virtue who yields to the smaller vices. There is a radical relation between church going and character growing.

One must not only be good but good for something.

Corruption on the inside means corruption on the outside.

The deadly blow of hate is a deathblow to the hater.

Better push your work than be pushed by it.

To direct your activities toward good is to correct your proclivities toward evil.

A friend may find fault in you while an enemy finds fault with you.

It is better to fall below a high mark than to exactly hit a low mark.

The gospel is not a curiosity for sinners but a cure for sin.

An instinct for righteousness becomes an insight into the right.

Extremes meet when a boy has enough to fill his father's shoes.

Imitation of another is limitation of oneself.

When policy is put above principle the life grovels rather than grows.

Truth girds us with power while error grieves us with poison.

The true purpose of discussion is not to rout an opponent but to teach the truth.

Dissipation always spells disappointment and despair.

Delight in duty softens its severities.

When the energies are aimlessly diffused, the path of life is hopelessly confused.

Whether at home or in Rome, do not as Rome does, but as right requires.

To one who is given to nagging should be compelled to hasten through life with the speed of a race horse.

Muddy feelings indicate many failings.

To stimulate another's talent is better than to strive with your own.

Whole-heartedness in worship makes a holy heart in the worshiper.

When we defy God and defy god we are facing the only "Yellow Peril."

ENFORCE THE LAWS.

The following questions put by the anti-Saloon League of Lexington to the candidates for Mayor are very important, and the voters in any city before electing its officers have a right to know how said officers stand. The tide of moral reform is sweeping on and will sweep away the barriers.

The questions are:

"Will you, if elected, enforce the laws as they exist, and so long as they exist?

1—In reference to the closing of all saloons on Sunday?

2—In reference to the sale of liquor on Sunday?

3—In reference to the hours for opening and closing the saloons?

4—In reference to the sale of liquors to minors and habitual drunkards?

5—In reference to gambling and other statutory laws and city ordinances intended to make Lexington a clean city physically and morally?

6—and you pledge yourself so far as this may come in your province, to employ the police and other departments at your com-

THE Mt. Sterling National Bank

mand fearlessly to the furtherance of these ends?

These questions are respectfully submitted by the League, representing as it does the law-abiding element of the city who have determined that the place in which they dwell—where their children must be reared, shall be governed according to law."

Recent convictions and indictments in our Circuit Court should and we hope will receive prompt attention by our City Council. We have urged and will continue to urge obedience to law both by the guardians of the law and those receiving privileges by the law.

NOT DISCOURAGED.

We are not discouraged concerning the result of the conflict for the overthrow of the legalized whiskey traffic. Whiskey drinking in the home and in saloons has been a social custom of long standing, unquestioned, endorsed and practiced by many men who were prominent in their neighborhoods or towns. Changes in or renunciation of social customs are not rapidly effected. In recent years there has been a quickening of conscience in regard to personal privilege and individual responsibility for others in connection with whiskey drinking. So pronounced has been that quickening that we confidently expect the complete legal renunciation of this hurtful, disgraceful, damning custom. The time is fast approaching when in our State, even in Lexington and Louisville, etc., the saloon will be legally prohibited. Even in some towns where it is now prohibited, men will evade the law just as they evade or violate the law and moral obligation in stealing, gambling, lying and lust.

Class the writer, if you choose, as an enthusiast, a crank, a victim of his overwrought imagination, in regard to the saloon and all questions connected therewith, but he is determined to use his influence to effect the destruction of this agency for evil. He will continue to appeal to all citizens, in private walks of life and all citizens who are in office or aspiring to office with its honors and emoluments, that they open their eyes to the havoc wrought by the traffic. Politicians should read the "hand writing on the wall."

The result of your waiting is that the hot water turns to whisky. The wood of the barrels, you see, is so saturated with spirits that the hot water draws out enough to make a strong grade of red eye.

"The man is a grogger," said the food inspector. "He makes whisky out of old barrels."

"Grogging is a recognized trade in some places. You get hold of old whisky barrels wherein spirits have been maturing for years, and you pour into these barrels boiling hot water, and you wait a few days.

"The result of your waiting is that the hot water turns to whisky. The wood of the barrels, you see, is so saturated with spirits that the hot water draws out enough to make a strong grade of red eye.

Williams' Kidney Pills.

Have you neglected your kidneys? Have you overstrained your nervous system and caused trouble with your kidneys and bladder? Have you a daily appearance of the urine? Do you feel weak and listless? Do you desire to pass urine? If so, Williams' Kidney Pills will cure you. Sample free. By mail, see sold in these Kenneths.

Persons interested in pure foods should read in this issue "Expert Testimony" about milk, oysters, etc.

Some papers are having much to say about Jim Hargis, of Jackson, prospecting for bluegrass farm. We do not regard the matter of sufficient importance to occupy much time or space.

There is much unseasonableness in the Sixth Apostolic district fearing Judge A. W. Young may become a candidate. The Advocate's Editorial of last Wednesday was not at all satisfactory to the friends of the announced candidate.

TO SUFFER FOR HIS SAKE.

"For unto you it is given in the behalf of Christ, not only to believe on Him, but also to suffer for His sake," Philip, 1, 29.

This has often happened to men who, in defense of what they know to be right and for the good of a community, have had the courage to oppose evil. Ostracism, threats, violence, or coldness of friends are some of the fruits of such opposition. Again there are expressions of sympathy, co-operation and consciousness of duty done which repay for all anxieties.

NOT SINCERE.

John Skain, candidate for Mayor of Lexington, in reply to questions by Anti-Saloon League, said he would, if elected, strictly enforce laws against selling whiskey on Sunday or to minors, and gambling. His opponent, Mr. Wilkerson, accuses Skain of insincerity, and gives certified copies of indictments against Skain for each of these offenses, and says that he was indicted 25 times, and thinks Skain is not a suitable man for the place, as he was guilty of these offenses while holding office of Councilman of Lexington, some of them being committed ten years ago. Mr. Skain replies that Mr. Wilkerson while Sheriff failed to execute laws which he had sworn to uphold. The temperance question is coming to the front.

DR. KIRTLEY'S PHILOSOPHY

The lie that screens you today will search you tomorrow.

No one can yield the larger virtue who yields to the smaller vices.

There is a radical relation between church going and character growing.

One must not only be good but good for something.

Corruption on the inside means corruption on the outside.

The deadly blow of hate is a deathblow to the hater.

Better push your work than be pushed by it.

To direct your activities toward good is to correct your propensities toward evil.

A friend may find fault in you while an enemy finds fault with you.

It is better to fall below a high mark than to exactly hit a low mark.

The gospel is not a curiosity for sinners but a cure for sin.

An instinct for righteousness becomes an insight into the right.

Extremes meet when a boy has brains enough to fill his father's shoes.

Imitation of another is imitation of oneself.

When policy is put above principle the life grovels rather than grows.

Truth girds us with power while error grieves us with poison.

The true purpose of discussion is not to rout an opponent but to reach the truth.

Dissipation always spells disappointment and despair.

Delight in duty softens its severity.

When the energies are aimlessly diffused, the path of life is hopelessly confused.

Whether at home or in Rome, do not as Rome does, but as right requires.

To one who is given to nagging should be compelled to hasten through life with the speed of a race horse.

Moody feelings indicate many failings.

To stimulate another's talent is better than to strive with your own.

Whole-heartedness in worship makes a holy heart in the worshiper.

When we defy God and defy gold we are facing the only "Yell-low Peril."

ENFORCE THE LAWS.

The following questions put by the anti-Saloon League of Lexington to the candidates for Mayor are very important, and the voters in any city before electing its officers have a right to know how said officers stand. The tide of moral reform is sweeping on and will sweep away the barriers.

The questions are:

1. In reference to the closing of all saloons on Sunday?

2. In reference to the sale of liquor on Sunday?

3. In reference to the hours for opening and closing the saloons?

4. In reference to the sale of liquors to minors and habitual drunkards?

5. In reference to gambling and other statutory laws and city ordinances intended to make Lexington a clean city physically and morally?

6. and you pledge yourself so far as this may come in your province, to employ the police and other departments at your com-

THE Mt. Sterling National Bank

Capital.....	\$50,000
Stockholders Liability.....	\$50,000
Surplus.....	\$25,000

Conducts a general banking business along all lines of legitimate banking.

Money to loan at all times at reasonable rates.

Careful and prompt attention to all business.

The patronage of individuals and firms respectfully solicited

DAVID HOWELL, Cashier.

Distinguished Jurist.

The first of the series of three addresses to be delivered to the students of the Law School of the Kentucky University, Lexington, by Hon. Ed. C. O'Rear, Chief Justice of the Court of Appeals, was given Friday night.

The distinguished speaker and the importance of the subjects were such that invitations were extended to include others than the students. As a consequence there was a considerable representation of members of the bar of Lexington present.

The subject of the address was "County Organization." The subject of the next address will be "County Administration."

Wanted: 50 Men and Women.

W. S. Lloyd, the enterprising druggist, is advertising to-day for fifty men and women to take advantage of the special half-price offer he is making on Dr. Howard's celebrated specific for the cure of constipation and dyspepsia, and get a fifty cent package at half-price, 25 cents.

So positive is he of the remarkable power of this specific to cure these diseases, as well as sick headaches and liver troubles, that he agrees to refund the money to any customer whom this medicine does not quickly relieve and cure.

With Dr. Howard's specific at hand, you can eat what you want and have no fear of ill consequences.

It strengthens the stomach, gives perfect digestion, regulates the bowels, creates an appetite, and makes life worth living.

This is an unusual opportunity to obtain 60 doses of the best medicine ever made for half its regular price, with the personal guarantee of a well known business man to refund the money if it does not give satisfaction.

27-30-33

Try Hot Water On a Whisky Soak.

"The man is a gragger," said the food inspector. "He makes whisky out of old barrels."

"Grogging is a recognized trade in some slums. You get hold of old whisky barrels wherein spirits have been maturing for years, and you pour into these barrels boiling hot water, and you wait a few days."

"The result of your waiting is that the hot water turns to whisky. The wood of the barrels, you see, is so saturated with spirits that the hot water draws out enough to make a strong grade of red-eye."

Williams' Kidney Pills.

Have you neglected your kidneys? Have you overlooked your nervous system and entered upon a course of dietetic treatment? If so, you can do your body a great deal of good by taking Williams' Kidney Pills. They are especially under the eyes. Frequent use of Williams' Kidney Pills will cure you. Sample box, 20c per box.

Both Prices 15c.

Hospital.

The Cynthiana hospital, controlled by the Harrison Hospital Co., opens March 1st. The value of shares has been placed at \$10.

The doctors of Winchester have subscribed nearly \$2,000 to the fund for a hospital. The Commercial Club is pushing the plan.

For RENT—Three rooms on first floor, on Main Street. Apply to Mrs. Crawford. 28-4t.

CIRCUIT COURT.

CONVICTED FOR MURDER.

Strother Hamilton, for murder of Wm. Redd, was on Wednesday found guilty and was given a pen sentence of 11 years. Both are colored.

ILLEGAL VOTING.

On Wednesday Cluke Goodpastor was convicted for illegal voting. He was fined \$50 and sentenced to jail for 10 days. An unusual incident in court occurred. Four of the resident preachers of this city were selected as jurors without objection and served. They were Revs. H. G. Turner, of the Methodist Church; G. A. Joplin and J. B. Meacham, of the Presbyterian Churches, and J. R. Hobbs, of the Baptist Church. Seldom do we hear of preachers serving on juries. We like it, for it gives them insight to real conditions of life, revealing new phases of life which they ought to know, shows what efforts are sometimes made to cover up apologize for meanness, and brings wicked deeds to a greater publicity. Because a man is a preacher he does not cease to be a citizen.

Some amusement was occasioned in court last week in selecting a jury to try a man for false swearing. Rev. J. R. Hobbs was being questioned as a juror and "had not formed and expressed an opinion," "could give fair and impartial trial, etc." The defense excused him. Many smiled. Rev. Joplin was next examined, answering same questions. The defense accepted him. Then the smile was pronounced. The defense had evidently taken the hint, or "caught on."

Wm. Embank, charged with petit larceny, was acquitted.

The case of J. T. Day against the Exchange Bank, in our Circuit Court, was continued to the next term of court. This case has been on the docket for more than 15 years and grew out of the sale of some of the depreciated stock of the bank to the plaintiff in which is involved about \$6,000. The case has been continued by the plaintiff only once or twice, as shown by the record. The bank has employed the Chief Justice of the Court of Appeals to defend the suit.

Great Tobacco Sales at Shelburne's Warehouse, Lexington, Kentucky.

Shelburne's Warehouse sold 30,000 lbs. of tobacco on Friday, Feb. 1, at prices ranging from 5¢ to 17¢. The crop of Messrs. Ed. Million and Baxter, Whitehall, Ky., sold as follows: Two hundred pounds at \$17, 390 lbs. at \$15.75, 230 lbs. at \$14.50, 460 lbs. at \$14.25, 210 lbs. at \$14.25, 70 lbs. at \$13.90, 340 lbs. at \$13.75, 570 lbs. at \$13.25, 150 lbs. at \$10.25, average for 2,620 lbs., \$13.50. The entire sale, with the exception of some wet, damaged tobacco, sold at high prices.

Mr. Shelburne says that the competition is strong on the Lexington market, and that the prices being obtained speak for themselves, and advises the planters to bring on their tobacco as soon as they can get it ready, as he sees no reason to expect any better prices for tobacco in soft order.

Planters should take into consideration the fact that the cost of drying tobacco, in connection with the consequent loss in weight, amounts to about 82.50 per hundred.

Silas Shelburne & Son, Both Prices 15c.

Attorney in Court of Appeals.

On Thursday John A. Judy, of this city, was sworn in as an attorney to practice in the Court of Appeals.

Any skin itching is a temper-tester. The more you scratch the worse it itches. Donn's Ointment cures piles, eczema—any skin itchiness. At all drug stores.

Miss Eliza Jameson has brought the Bell Telephone, on W. High street, for \$1,275 and will remodel same.

SALE ENDS SATURDAY NIGHT
FEBRUARY 9th, AT 12 O'CLOCK

CORRESPONDENCE.

PLUM LICK.

"Aunt" Sarah Crouch is very low with pneumonia. Mrs. Minnie Henry has same disease.

The groundhog never got a peep at his shadow in this vicinity Saturday. So far as we have heard no one saw the ground hog, but he whistled, stayed out all day, and as a result weare to have six weeks pretty weather. Wise men who have grown old and gathered wisdom among the environment of frontier life solemnly affirm that they have watched the ground hog's hole on February 2. They all tell the same tale. The ground hog comes out and looks at the sky with the air of a planter after he has just sown a forty-acre field of wheat and is anxious for a shower. On cloudy days he goes off on a foraging expedition, but if the sun is shining he retreats to his winter quarters and then it is six weeks before garden cans can be safely left without a blanket spread over it.

A Worm.

On Friday Dr. Joe Jones found a black fever worm crawling near snow. He brought it as a curio for Facts and Observations. The worm was not a correct prognosticator of weather or the arrival would have been delayed.

The Olympia Sold.

J. C. Brunner, of St. Louis, has purchased of J. L. Roush, of LaTour, Mo., the Olympia building, occupied by the postoffice, for \$38,000.

Vice President Fairbanks and wife, who were raised on the farm and who own 6,000 acres of fertile soil, would love to go back to the country for a while, so they say.

Trains Delayed.

The Saturday night express due at 10:13 was late. From Shelbyville to Lexington it came over the Louisville Southern track. This was necessary because of a wreck on L. & N. four miles west of Lexington in afternoon. A theatrical company had come to Lexington on special train. The engine, with three men, returning to Louisville, left the track, tore up rails for 150 feet, turned over, fearfully mangled one of the men and injured the others. The boiler exploded and the engine is destroyed. L. & N. passengers were transferred. The C. & O. express west on Sunday afternoon was 4½ hours late.

If a passenger starts anywhere there is no probability that he will get there on time.

The writer was in Winchester Friday night expecting to attend to business in Lexington on Saturday morning. At the depot he was informed that train due before 8 was expected at 11. We went by L. & E.

Page Woven Wire Fence, the best fence on earth. Write for catalogue and prices to C. T. Flanders, R. F. D. 3, 30-tf Mt. Sterling, Ky.

Burned to Death.

At Cleveland, O., John Burke called to see Miss Mary Gardner. A gasoline lamp exploded. He was burned to death and she seriously injured.

Harry Welch, ball player, has accepted a place at Waco, Texas, and will leave March 1st. He will play 2nd base and be captain of team. Douglas Harrison, 3rd base, also goes to Waco.

The Winchester Commercial Club gives a banquet on the evening of February 22 at Brown-Proctor, Desha Breckinridge, Bennett Young and Judge Ed. C. O'Rear will respond to toasts.

Prewitt Upheld in Revoking The Mutual's License.

Judge Robert Stoult, of the State Circuit Court, Friday held that the Mutual Life Insurance Company, of New York, is not entitled to the relief sought in its petition filed several weeks since, in which it asked an injunction against H. R. Prewitt, Insurance Commissioner of Kentucky, to prevent his revocation of its license, and dismissed the petition. An appeal will be taken at once to the Court of Appeals of Kentucky to finally settle the law points involved in the case.

In the meantime the status of the company in Kentucky remains as it has been since the Commissioner took the first step to revoke its license to do business in the State; that is, it continues to do business here as it has always done. In order to permit this, the Circuit Judge granted a continuance of the temporary restraining order first entered on petition of the company.

Judge Stout delivered a written opinion in making his decision. It is said his decision is based upon the statute giving the Insurance Commissioner arbitrary power in the matter of admitting and excluding insurance companies from the Kentucky field.

Fires in 1906.

In the year 1905 there were 45 fires in the city, costing the city \$592,25. In the year 1906 there were 14 fires in the city, costing the city \$81, making a difference of \$511,25 in the two years. This does not include in either year salary of Chief and Secretary, John P. Cline, Secretary.

Residence Sold.

H. Clay Turner has sold his High street residence to Dan N. Young for \$4,000. Possession will be given April 1st.

Lord De Ide—Ah, but your leisure classes in this country have no titles. Miss Quick—Nonsense! What's the matter with "honi," "Weary Willie," Dusty Roads," and so on?—New Orleans Picayune.

THE COMMON ENEMY.

"What's the matter with all you swamp-hounds?" demanded Cittim. "You all appear to hate New-Orleans and yet he's a decent sort of fellow."

"Huh!" snorted Suburb. "The miserable clump bought his wife a silk bonnet the other day and now here's no peace in our homes."

HARD ON CLOTHES.

"You look so nice in your new fall suit," said Mrs. Drowse, "don't you think you'd better come to church with me this morning?"

"Not on your life!" replied Mr. Drowse, "it doesn't do a new suit any good to go to sleep in it."

THE PHARISEES.

"Did I understand you to say that those who choose the narrow path only are the most narrow-minded?"

"Not exactly; I say the people who think they only, choose the narrow path are the most narrow-minded."

Last week, Mr. Spencer, who is interested in establishing a cannery here went to Morehead, but will return and endeavor to perfect the enterprise.

The Caleb Powers case will not be tried at this term of Scott Circuit Court.

To Poor House.

An Owingsville press report in the Lexington Herald of Feb. 4 says Wm. T. Smoot ex-County Attorney of Bath, has been adjudged without means of support, and by order of the County Judge sent to county poor house. Alas! Alas! The havoc of strong drink!

Clay Miller has rented a down stairs room in the Fizer building on Broadway and will move his printing office there.

New York Clearing-house banks for the past week held \$12,634,100 more than legal reserve requirements.

THE COMMON ENEMY.

"What's the matter with all you swamp-hounds?" demanded Cittim. "You all appear to hate New-Orleans and yet he's a decent sort of fellow."

"Huh!" snorted Suburb. "The miserable clump bought his wife a silk bonnet the other day and now here's no peace in our homes."

HARD ON CLOTHES.

"You look so nice in your new fall suit," said Mrs. Drowse, "don't you think you'd better come to church with me this morning?"

Monticello, Illinois

SOLD BY W. S. LLOYD.

Negro Slated for Important Office

The Roosevelt-Foraker row over the Brownsville dismissal has taken a sensational turn through the declaration of an official close to the President to the effect that Ralph Tyler, a negro, would be appointed to a lucrative office in Ohio. He is mentioned in connection with the Surveyorship of Customs at Cincinnati, which pays \$8,000 per annum. The Toledo and Cleveland surveyorships are also due to be filled and it is certain, according to the reports that he will receive at the hands of the one of the three.

Tyler hails from Columbus and is a leader in Republican politics of the State. It is understood that he has been recommended both time and again by Senators Foraker and Dick for a place in the Consular service and has the backing of Booker Washington. The President, of course, never considered those recommendations seriously, and accordingly no place for Ralph has ever been forthcoming. Recently Ralph's recommendations have been called to the attention of the President, and it is pretty well settled that while he will not receive a Consular place he is slated for one of the most lucrative offices in Ohio at the gift of the President. Senator Foraker's attack on the President for the dismissal of the negro troops, is, of course, back of it all, and in to this Southern politicians have claimed for years that while the President would appoint negroes to office in the Southern States he would not appoint them in those of the North. The President, therefore, if he sticks to his present determination to appoint Tyler, kills two birds with one stone.

Counterfeit.

A new counterfeit \$20 national bank note on the Mariett Bank of Indian Territory is in circulation.

Burned to Death.

At Cleveland, O., John Burke called to see Miss Mary Gardner. A gasoline lamp exploded. He was burned to death and she seriously injured.

Harry Welch, ball player, has accepted a place at Waco, Texas, and will leave March 1st. He will play 2nd base and be captain of team. Douglas Harbinson, 3rd here, also goes to Waco.

The Winchester Commercial Club gives a banquet on the evening of February 22 at Brown-Proctoria, Desha Breckinridge, Bennett Young and Judge Ed. C. O'Rear will respond to toasts.

Prewitt Upheld in Revoking The Mutual's License.

Judge Robert Stout, of the State Circuit Court, Friday held that the Mutual Life Insurance Company, of New York, is not entitled to the relief sought in its petition filed several weeks since, in which it asked an injunction against H. R. Prewitt, Insurance Commissioner of Kentucky, to prevent his revocation of its license, and dismissed the petition. An appeal will be taken at once to the Court of Appeals of Kentucky to finally settle the law points involved in the case.

In the meantime the status of the company in Kentucky remains as it has been since the Commissioner took the first step to revoke its license to do business in the State that is, it continues to do business here as it has always done. In order to permit this, the Circuit Judge granted a continuance of the temporary restraining order first entered on petition of the company.

Judge Stout delivered a written opinion in making his decision. It is said his decision is based upon the statute giving the Insurance Commissioner arbitrary power in the matter of admitting and excluding insurance companies from the Kentucky field.

Fires in 1906.

In the year 1905 there were 45 fires in the city, costing the city \$592,25. In the year 1906 there were 14 fires in the city, costing the city \$81, making a difference of \$511,25 in the two years. This does not include in either year salary of Chief and Secretary.

John P. Cline, Secretary.

Residence Sold.

H. Clay Turner has sold his High street residence to Dan N. Young for \$4,000. Possession will be given April 1st.

and the like—Mr. but your leisure laws in this country have no titles.

Miss Quick—Nonsense! What's the matter with "noise," "Weary Willie," "Duster Roads," and so on?—New Orleans Picayune.

THE COMMON ENEMY.

"What's the matter with all you swamplanders?" demanded Citizen. "And yet all appear to hate New Orleans! And yet there's a decent sort of fellow."

"Huh!" snorted Suburb. "the miserable clump bought his wife a silk bonnet the other day and now here're no peace in our homes."

HARD ON CLOTHES.

"You look so nice in your new fall suit," said Mrs. Drowse, "don't you think you'd better come to church with me this morning?"

"Not on your life!" replied Mr. Drowse, "it doesn't do a new suit any good to go to sleep in it."

THE PHARISEES.

"Did I understand you to say that the people who choose the narrow path are the most narrow-minded?"

"Not exactly; I say the people who think they, only, choose the narrow path are the most narrow-minded."

Last week, Mr. Spencer, who is interested in establishing a canary here went to Morehead, but will return and endeavor to perfect the enterprise.

The Caleb Powers case will not be tried at this term of Scott Circuit Court.

To Poor House.

An Owingsville press report in the Lexington Herald of Feb. 4 says Wm. T. Snoot, ex-Congressman of Bath, has been adjudged without means of support, and by order of the County Judge sent to county poor house. Alas! Alas! The bairve of strong drink!

Clay Miller has rented a down stairs room in the Fizer building on Broadway and will move his printing office there.

New York Cleaning-house banks for the past week held \$12,634,100 more than legal reserve requirements.

CAN'T EAT

all unsavory, you are apparently fat and you feel as though the bottom of your crop.

if you are thin, you are paying the penalty for the abuse you have inflicted upon yourself by hastily-eaten and improper food.

the delicate digestive organs, even though delicate, will stand a lot of service, but they resent ill-treatment.

Dr. Caldwell's

(Laxative)

Syrup Pepsin

is the greatest remedy in the world for

correcting and curing all forms of stomach and digestive trouble.

It instantly softens the skin and vigor to the parts and keeps them in prime and perfect working condition.

Don't wait until you are in the grip of these torturing complaints, get rid of them now by taking Dr. CALDWELL'S SYRUP PEPSIN now at your druggist's and banish the trouble.

Your money will be refunded if it does not benefit you.

Your postal card request will bring return mail our new booklet, "Dr. CALDWELL'S SYRUP PEPSIN," containing some of those who have never tried this wonderful remedy.

PEPSIN SYRUP CO.

Monticello, Illinois

SOLD BY W. S. LLOYD.

Negro Stated for Important Office

The Roosevelt-Foxer row over the Brownsburg dismissal has taken a sensational turn through the declaration of an official close to the President to the effect that Ralph Tyler, a negro, would be appointed to a lucrative office in Ohio. He is mentioned in connection with the Surveyorship of Coshocton at Cincinnati, which pays \$2,000 per annum. The Toledo and Cleveland surveyorships are also due to be filled and it is certain, according to the reports that the President will receive at the hands of the President one of the three.

Tyler hails from Columbus and is a leader in Republican politics of the State. It is understood that he has been recommended both time and again by Senators Foxer and Dick for a place in the Consular service and has the backing of Booker Washington. The President, of course, never considered those recommendations seriously, and accordingly no place for Ralph has ever been forthcoming. Recently Ralph's recommendations have been called to the attention of the President, and it is pretty well settled that while he will not receive a Consular place, he is slated for one of the most lucrative offices in Ohio at the gift of the President. Senator Foxer's attack on the President for the dismissal of the negro troops, of course, back of it all, and to this Southern politicians have claimed for years that while the President would appoint negroes to office in the Southern States he would not appoint them in those of the North. The President, therefore, if he sticks to his present determination to appoint Tyler, kills two birds with one stone.

Counterfeit.

A new counterfeit \$20 national bank note on the Marietta Bank of Indian Territory is in circulation.

RELIC OF THE MAYFLOWER.

Dishes from Historic Ship Cherished as Heirlooms by Denver Woman.

Probably few are aware of the fact, but a direct descendant of a signer of the declaration of independence and a man who crossed to the new world in the Mayflower is living in Denver. She is Lula Electa Bartlett, great granddaughter of Josiah Bartlett, who signed the declaration of independence. Her great great grandfather was one of the men who faced privation and hunger to cross the water in the Mayflower.

Elisha Bartlett remained on the soil later called Massachusetts. It is descended from him that Miss Lula Electa is descended.

Although the Bartletts who came before her ranked with the elite of society and aristocracy, she is happy and content to earn her living working as a seamstress.

Miss Bartlett spends her evenings with many other lonely young women in the Young Women's Friendly club, 2243 California street, and she lives in the simplest manner.

The home of the Bartlett family has been broken up. The mother died when they lived in Hastings, Neb., and the family scattered. The only son is in Kansas City, one daughter is in Los Angeles with her father and the fourth and last member of the family is toiling daily in Denver.

One of the most precious wadding presents received by Miss Bartlett's father and mother when they were married in 1856 was a portion of a set of dishes brought to America by the Bartlett brothers in the Mayflower. These are the last dishes that are known to exist which came over in the old ship in 1620.

Miss Lula Bartlett, of Denver, is now the happy possessor of these valuable and historic pieces of china ware.—Denver Times.

NATURAL BRIDGES.

It is commonly believed that natural bridges, of which the natural bridge of Virginia is the best known American example, are due to the falling in of cavern roofs, leaving only a part to span the stream which the destruction of the cavern has brought to the surface.

By a study of the North Adams natural bridge Prof. Cleland has led to the conclusion that in this case at least the origin is quite different. In this case the bridge seems to be due to the solution of the limestone along a joint plane near the former course of Hudson Brook.

At first only a small amount of water seeped along the joint plane, but after a while it made a channel large enough to divert the entire brook under the surface, giving rise to the bridge. Walcott had previously offered a similar theory for the natural bridge of Virginia, and Cleland concludes that, while the falling in of cavern roofs may occasionally give rise to natural bridges, the most common cause for such bridges in marble, limestone, sandstone and lava is that outlined above.

AT THE HORSE SHOW.

"Was Mr. Jones an exhibitor at the Horse Show?"

"Yes, he made an ass of himself."

HIGHLY CONSIDERATE.

"Why doesn't Bliggins try to make a reputation for himself?" asked the painter.

"He says he's too philanthropic," answered the musician. "He thinks it would be an injury to the world's artistic sense to have the public constantly repeating the name of 'Bliggins'."

CONCENTRATED HOPES.

"Has that young man any expectations in life?" asked the stern father.

"He has," answered the heiress.

"What are they?"

"Me."—Washington Star.

The Pain Family

You know them; they are numerous, and make their presence felt everywhere. The names of the family are Headache, Toothache, Earache, Backache, Stomachache, Neuralgia, etc. They are sentinels that warn you of any derangement of your system. When the brain nerves become exhausted or fatigued. Headache is most miserable if the stomach nerves are weak, indigestion results, and you double up with pain, and if the more prominent nerves are affected, Neuralgia simply makes life unbearable. The way to stop pain is to soothe and strengthen the nerves. Dr. Miles' Anti-Pain Pills do this. The whole Pain family yield to their influence. Harmless if used as directed.

Find Dr. Miles' Anti-Pain Pills an excellent remedy for overcoming headache of all sorts. I have used them for the past year and can assure you they are the best of results.

Miles' Anti-Pain Pills.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit you for 20 doses, 25 cents. Never sold in bulk.

Miles Medical Co., Elkhart, Ind.

TAKE THE PLEASANT SIDE.

Frankness Does Not Compel Telling of Unpleasing Truths.

Some people seem to be very much afraid of telling pleasant truths. They apparently consider that to be honest they must be disagreeable, and that to be frank means only to be brutal, as well as callous, to the sufferings which franknesses may cause.

Now, there are numerous ways of speaking the truth as well as looking it.

To be truthful need not mean to be unpleasing.

We can be honest without making ourselves hated and shunned because of our brutal candor.

Unpleasant truths may often be suppressed without loss of rectitude; or, if compelled to speak them, we may persistently show the pleasing side, and leave the hearer to find out for himself, if he must know it, that there is an unpleasant side as well.

For there is always more than one side to a truth. Two sides at least can be seen by the most simple-minded person, and those whose minds are complex can readily see many sides to the same question.

"Her hands are too big for her gloves," comments the candid friend.

"Oh, no; she only makes a little mistake in buying her gloves a size too small," is the way the peacemaker says the same thing," says Woman's Life.

Now, if one side is always more pleasing than the other, why, the question may be asked, is it not more honorable to choose always the pleasant side to present to friends?

Why deprive the world of a joy we might have given when we do not hasten to speak the pleasant truth?

Happiness is a quality of which we might obtain a larger share than usual if we determined to discover the pleasing side of the most unpleasant truths.

DISCOVERED THE STOVE.

F. K. Gregory, assistant general passenger agent of the Santa Fe, who has his office in the Ferry building, has set a new fashion in railroad circles, says the San Francisco Chronicle.

The winds from the bay are getting chilly, and Gregory has put a small oil stove in his office, at which the officials poke fun, although they occasionally sit around it and get warm.

The stove is placed over in one corner, where a stool formerly stood, and in the darkness it is hard to tell them apart.

"Where's that stove I've been hearing so much about?" said Fred Prince, as he walked into the office.

Gregory was silent, so Prince took a seat, and arose with a bow.

"Did you find it?" asked Gregory, with the ghost of a smile.

Piles! Piles! Pest!

Williams' Piles' Pill Ointment will cure Blind, Bleeding, Ulcerated and Itching Piles, acts as a poultice, gives instant relief. Williams' Piles' Pill Ointment is prepared by Piles and Itching, the private physician. Every box is guaranteed. Sold by Thomas Kennedy for \$1 and \$2.

RAIN IN THE PHILIPPINES.

How the Downfall Appeared to a Writer from America.

The Philippine rains began. Seated at her window she would hear a roaring tattoo in the grove of abaca palms to the south, says a writer in McClure's. The noise neared, rose, thundered. Long, little cocoanuts began an inevitable bending to and fro, their tops circling in trembling descent almost to earth, then swinging back to the spring of the brawny trunks in a movement exaggerated and violent like that of some stage tempest. Out of the grove, beaten, trampled down, there advanced into the open a black wall of rain, perpendicular from earth to sky. Ahead of it dust, twigs, rubbish suddenly ascended to heaven in rotary spirals; trees flayed of their leaves, roots flew up like gigantic bats. Then her own house, strongly built, shook as with earthquake; the thatch of the roof sprang vertical, like hair that stiffens with fear, and between the interstices she saw the maddly sky swirl by.

A powder of debris, of dry rot, snowed down upon the table, the books, the chairs; little lizards, impaled, streaked the floor with a squeak like that of a mechanical dog, remained as dead for a long minute, then scampered across the room and up the walls again; great black spiders, centipedes, scorpions, fell; sometimes a large rat. Then the pipe clicked back to position as a boy is shot; breathless silence, a heavy immobility petrified the world. There came three or four detached, resounding raps upon the roof, and suddenly a furious, roaring beating as of stones coming down great stones clutched in thousands, in millions—and the church, the plaza, the mountain, the whole land disappeared in a yellow swirl of waters.

CAOUTCHOUC IN DEMAND.

It is believed that this year's demand for caoutchouc will be in excess of the world's supply, which is about 70,000 tons. What can be done to meet the deficiency?

A French scientist suggests three possible solutions: The first would consist in utilizing the mineral caoutchouc or elastic fossil bitumen, discovered in 1785 in the mines of Castleton, England, and in 1816 in the environs of Angers, France. The second would be the employment of an artificial product possessing properties analogous to those of the natural product. This product exists; it was obtained in 1816 by the chemists Savy and Jones, by treating linseed oil with azotic acid. An elastic and membranous substance is then secured, which has already been utilized to render fabrics impervious to water. Similarly, artificial caoutchouc have been obtained by treating tar or the oil of turpentine with sulphuric acid. The third solution would be to increase the natural product, but it is not the quickest method.

ROYAL SMOKERS.

Emperor William of Germany smokes huge cigarettes specially made for him. King Edward of England has always been devoted to cigarettes, but of late years he leaned more and more toward dear Havana cigar. Emperor Francis Joseph of Austria likes the Anziani-made cigar manufactured in Virginia tobacco with a straw running through it. King Leopold of Belgium is a cigarette fiend, but frequently seen smoking a pipe. The greatest smoker of all is the stout, over-eaten King Carlos of Portugal. It is said that he smokes 10 cigars a day. King Alfonso of Spain takes an occasional cigarette only. Plus X is the first pope who has been known to enjoy a good cigar.

DIPLOMACY.

"My son, let me teach you a proverb that it will be well for you to remember always. It is from the Bohemian, and runs this way: 'Do the hard thing first.'"

"That ain't any good. If I'd made that proverb I'd a said: 'Ge somebody else to do the hard thing by tellin' him you'll bet he can't.'

CARDS WERE OUT.

Miss Johnson—Come with a ace of marrin' Abe Perimmons once.

Miss Jackson—Yah?

Miss Johnson—Yah. If he'd had another ace he'd hit won a jackpot, an' if he'd won dat jackpot he'd had moneyough fo' git married on—Puck.

RELIABLE INFORMATION.

The PUBLIC ENTITLED TO ACCURATE INFORMATION.

Straight Talks on Patent Medicines

The "Rexall" Remedies are successful and this is why.

They were placed on the market three years ago. They have scored already the record of the greatest success ever known in the history of the drug business.

"Come and go" popularity may arise from any number of causes (hullabaloo advertising among them) and may or may not be founded on real worthiness. But the man, the plan, the idea, or the article that truly succeeds, does so because he or it deserves to succeed, and for no other reason.

The success of the "Rexall" Remedies is therefore the first evidence of their real merit. They sell because they cure, and they cure because each one of them is the best remedy known to medical science for the particular ailment it is made to relieve.

There are nearly 200 remedies sold under the "Rexall" name, each for one disease or one purpose. Each of these has been selected by a committee of experts from among all other remedies of its class, for manufacture and sale by The United Drug Company, a cooperative association of leading American druggists.

Wherever you see the name "Rexall" you may know that it stands for a formula scientifically correct and proved efficient in actual, long extended practice. We know these formulas and are glad to answer all inquiries regarding them, giving full information as to the ingredients.

Here are three famous members of the "Rexall" family:

FOR CATARRH—MUCU-TONE

The chief ingredients of Mucu-Tone are Gentian, Cucurbits, Cacaora Sagrada, Glycerine, and Sassafras.

Gentian is recognized in medicine as one of the greatest tonics ever discovered. It is the foundation on which Mucu-Tone is based. Cucurbits and Sassafras in high degree the tonic powers of all the known "tinctures" with none of the disadvantages of the latter.

Cucurbits have long been recognized as a specific in the treatment of all catarrhal conditions. Its action is prompt and its benefits are invaluable. In whatever part of the body the inflamed or diseased condition of the mucous or digestive fluid, the use of Cucurbits has been recommended by the best physicians for generations.

Cacaora Sagrada is especially indicated for its exciting and propulsive properties. The combination of these elements gives tone and relieves pain caused by indigestion and flatulence.

The combination of these elements makes a remedy also useful in any form of diarrhea or dysentery, and not only a remedy but a cure, which works gradually but surely, rebuilding and stimulating the glands which perform the digestive functions. Package, 25c.

This "Rexall" Guarantee Appears on each package:

"This preparation is guaranteed to give satisfaction. If it does not, come back and get your money. It belongs to you and we want you to have it."

W. S. LLOYD, Druggist

The **Rexall Store**

No Intermarriages to Be Allowed

New State.

Kentucky Railroads.

At Guthrie, Oklahoma, in the constitutional convention the "Jim Crow" problem stole into the debate on the committee report forbidding marriage between whites and blacks and Indians and negroes.

The question of inserting in the Constitution a plank providing for separate cars and waiting rooms in Oklahoma is the most delicate that confronts the delegates. The "conservatives" are opposed to the proposed measure on the ground that there is danger of the President vetoing the Constitution.

The measure prohibiting intermarriage was adopted by the committee of the whole.

Service Pension Bill Approved.

By unanimous vote of the House Committee on Pensions, the McCumber service pension bill was favorably reported to the House.

The bill provides that all veterans of the Mexican war or the war of 1861, who are sixty-two years old are to have \$12 a month. Veterans seventy years old are to have \$15 a month and \$20 a month is to be granted to all veterans over seventy-five years old.

Tried to Lynch Him.

On Wednesday in Pittsburgh, Pa., men tried to lynch a negro for choking a news boy. His friends came to his aid. This created great excitement and the crowd said: "Kill all the negroes."

This occurred up NORTH.

Stops Capital Punishment.

The Wheeler-Simon bill to abolish capital punishment in Kansas passed the Senate and now goes to the Governor for his signature. While no Governor of Kansas has ever signed the death sentence, the present bill wipes that feature out.

Chew What You Know About and Know What You Are Chewing

There is real pleasure in chewing the best tobacco grown—where the best tobacco grows—in the famous Piedmont Country.

Only choice selections of this well-matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and others of the Reynold's brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco, and every man that chews SCHNAPPS passes the good thing along—one chewer makes other chewers—until the fact is now established that there are many more

chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more economical than the large 10c. or 15c. plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tobacco for tobacco's sake, there is no chew like SCHNAPPS.

Sold at 80c. per pound in 5c. Cuts. Strictly 10c. and 15c. Plugs

CAMMACK UNIT BILL

This Bill is Before the Court of Appeals.

The constitutionality of the Cammack Unit Bill was ably argued before the Court of Appeals on the 17th and 18th of January, and a decision of the Court is expected any day. This was a special hearing given to Henry county, Georgetown, and Stanford, as similar points in each case were involved.

The liquor interests had the best council they could procure in Senator Carroll, of Louisville district; Attorney Biard of Louisville, and Geo. B. Softly, of Stanford. These lawyers made the best possible argument from their standpoint, and we thin kawed a lot of energy. The temperance people were ably represented by Senator Cammack, author of the bill; Attorney Eddle, of Frankfort; and Judge Carroll, of New Castle.

The special points argued, worthy of note, were that the bill is not a county unit bill, but a unit regulating bill. The appellants pointed out the fact that there is a conflict between units, and that section 61 of the constitution did not purport to permit a priority of either, that the language "precinct, district, town or count," rightly interpreted means that each has an equal right with the other. The court asked the speaker that since the very existence of units, the smaller within the larger, necessitated a conflict, to point out to the court which should have the priority. Attorney Biard had to confess that the county—the largest should have the priority, but that the right to secede would have to be granted to the lesser units.

It is this point of priority that will have to be decided in the case, and we can hardly wait to see the decision. The assertion of Mr. Biard was a confession that the county ought to have the right to control any unit in its hands. This point was ably and minutely set forth in Attorney P. M. McRoberts' brief of Stanford, which showed that the on used in section 61 of the constitution gave a Legislature the right to say which of the units named in the constitution should have the priority. Judge Carroll re-inferred this point by showing that the police power, inherent in a democracy and was a people's inalienable right to protect themselves in any way they should see fit.

On the whole it was a battle royal, the outcome of which will mean much in the future history of Kentucky's political, commercial and social life. We are hoping, and looking for the best, Kentucky Issue.

Liquor And Accidents.

The appalling number of frightful accidents which have occurred recently cause thoughtful people to consider their causes. At last the governments of the world are waking up to the cause of many, as the following facts show:

"The imperial insurance department of the German government has just issued a circular to employers of labor declaring that the use of alcohol by employees contributes in a most remarkable manner to the number of accidents, and that it brings about premature invalidity. The department urges that workmen with drunken habits be excluded altogether from workshops or at least kept from employment where there is an element of danger. It is urged that alcoholic beverages be excluded entirely from workshops and that employers should give their employees advice to abstain from drink. The department offers to supply temperance literature free of expense to employers to distribute among their workmen. This is another evidence of the remarkable manner in which the use of light wines and beer has solved the temperance problem in Germany, as American beeropoles are wont to exclaim."

Sells Loose TOBACCO.

Attention of tobacco growers is called to the Growers Tobacco Warehouse of Lexington, which sells loose tobacco. If the tobacco is hauled in wagons it shows to better advantage; but if it is to be shipped we recommend that it be prized light, 700 to 800 pounds to the hoghead. We ship shipments from depot free. Free lodging for drivers and places for teams overnight is provided.

Our terms for sale are 2 per cent commission and 15 cents per hundred pounds and pay \$1.00 for empty hogheads.

Luther Stivers, Mgr.,
E. B. Hawkins, Secy.,
22 ff 636-8 S. Broadway.

Grammar And Grub.

"No," snapped the sharp-faced woman at the door, "I ain't got no food for you an' I ain't got no clothes. Now git!"

"Lady," replied Harvard Has-

ben, "I could rapay you well,

Give me a square meal and I'll

give you a few lessons in gram-

mar." [Philadelphia Press.]

Mine Explosion.

On January 22, near Fayetteville, W. Va., an explosion occurred in a coal mine 50 feet below surface, killing eighty people.

Why Refer to Doctors

Because we make medicines for them. We give them the formula for Ayer's Cherry Pectoral, and they prescribe it for coughs, colds, bronchitis, consumption. They trust it. Then you can afford to trust it. Sold for over 60 years.

"Ayer's Cherry Pectoral is a remedy that has been every year since 1851. It is the best of its kind—coughs and colds, and consumption, and bronchitis, and rheumatism, and pleurisy, and phthisis, and all diseases of the lungs and chest. —MARK E. CONNELL, Head Park, Mass.

Made by J. C. Ayer Co., Lowell, Mass.
Also manufacturers of

SARAPARILLA
SODA
HAIR VIGOR.

Ayer's Pills greatly aid the Cherry Pectoral in breaking up a cold.

Thirty years rain record for January has been passed, giving a precipitation of 12 inches of rainfall.

Having passed through such a trying ordeal during the past month with a rainfall of 12 inches February is naturally looked forward to to furnish the real winter weather and put an end to the rain for a time at least. The officials at the Weather Bureau have issued a bulletin containing the data of temperature covering the month of February for a period of thirty-four years. The record follows:

The mean or normal temperature for the month during this period has been 37 degrees, the warmest month being February of 1882, when an average of 48 degrees was reached, while the coldest month was February of 1895, with an average of 27 degrees. The warmest day in the thirty-four years was February 19, 1878, when the thermometer marked 78 degrees, and the coldest day was February 3, 1895, when the mercury stood at 14 degrees below zero.

"I have been somewhat constipated but Doan's Regulents gave just the results desired. They act mildly and regulate the bowels perfectly."

—George B. Krause, 396 Walnut Ave., Altoona, Pa. 39-41

What "Amen" Meant.

A boy asked his sister what "Amen" meant. She replied: "Don't touch it." One day the mother asked the girl what "Amen" meant, and again she answered: "Don't touch it." "Where did you learn that?" "Why, you told me so yourself." "Oh, no," said the mother. "I told you, 'So let it be,' Exchange

Insurance.

T. F. Rogers writes TOBACCO AND TOBACCO BARN INSURANCE. He also writes wind storm insurance and insurance on City Property. Burglary, Accident, Health, Employers Liability Insurance and all classes of Bonds of Indemnity.

The cut price sale by J. W. Jones, the jeweler, has closed. We did not get the word until after his ad had been printed on 1st page.

Miss Nancy E. Berkley, stenographer for official reporter for Court of Appeals, has resigned to accept a similar position with Enoch's Manufacturing Co.

The Lexington Lumber & Mfg. Co., with which the McCormicks and O. E. Lyons are connected, has contract for show-cases and fixtures for a large clothing and furnishing house at Hamilton, O.

The Original and Genuine MANSFIELD FLOUR,

GREAT CITIES OF THE WORLD.

Eternal Paris Preeminent Among the Sisterhood.

New York may be come a great world city. If it does there will be two, for eternal Paris will continue. But even now New York, in being the greatest city of the Americans, has achieved enough glory for a city whose site was the camping ground of savages when Paris was hoary with age.

Berlin is a great German city, but it is nothing more. It is the tongue and the hand of Germany—hardly its brain and heart—but its influence is not great beyond the German empire. It is in all things German and a little provincial in being only North German—staid, rather stolid, not so beautiful as it is substantial, or so cultured as it is rich, still bound by tradition, dreaming of war and knowing more of science than of art, more of utility than of beauty. It is ambitious, very well content with itself and progressive after its own fashion.

Vienna is typically Austrian, which is to say South German. It does not even typify the various races whose capital it is. It is the fit seat of a feudal empire that has endured after the close of the epoch to which it belonged. It is held in lines of caste, which are gilded by gentility or culture, but which are none the less potent to limit its progress and to stifle its advancement. It enjoys life in pleasing numbers of gayety that have come down from an older age; it is finished, accomplished, refined and it is decaying and giving way in the world, according to the inevitable law, to more progressive vats. It has not the adaptability or the philosophy of Paris; it continues more Catholic than Rome, more conservative than Brittany, more feudal than remotest Silesia. It does not change as the world and times change, and its chiefest interest is that it remains as a living embodiment of a civilization that in other lands has died. It is a greater sister to London and Venice, but it is in no sense a great world city. And so, after viewing the cities, it might be said that he who does not dwell in Paris is a village dweller.—Atlantic Monthly.

Jno. Abner, indicted in Lee county for complicity in murder of J. B. Marcus, and whose bond was recently forfeited, has furnished another bond signed by James Hargis, S. J. White and Elbert Hargis.

LAND STOCK AND CROP.

Good Receipt for Rats.

A farmer who has tried the experiment says: "If you will sprinkle sulphur on the barn floor and through your corn as you gather there will not be a rat or mouse bother it. I have done this for several years and have never been bothered with rats since. In stacking hay or corn sprinkle a little on the ground and on each load, and my word for rats or mice can't stay there, one pound of sulphur will be sufficient to preserve a large bin of corn. It is good for stock and will not harm the corn for bread."

DEATHS.

PENN.—Joseph M. Penn, second wealthiest man in Scott county, died at Georgetown on Saturday night.

VAN PELT.—Wm. Van Pelt, aged 90, for many years a prominent church worker of Lexington, died Wednesday at Indianapolis.

KEMPER.

George W. Kemper died at his home near Millersburg, Ky., on Monday morning, February 5, 1907. Full particulars were not obtainable as we wrote this. He was alone feeding his stock. The team was noticed without him. The ladies notified neighbors. They found him lying dead in the snow. The supposition is he died suddenly. His body arrived here on Tuesday at 12:35 and was taken direct to the Christian Church, where Rev. H. D. Clark conducted the funeral service. Burial was in Macphela.

For many years he and family lived in this county. He was a most excellent citizen, a Christian gentleman, learned in God's word, devoted to the services of the Lord's house. Such men are greatly missed. He leaves a wife, four sons and two daughters, all well known and highly respected. Blessed are the dead who die in the Lord.

For Rent.

Cottages and dwellings on following Streets:

Winn, Elm, and Harrison Avenue.

Also 15 acres improved land in Suburbs of Mt. Sterling.

For either place, apply quick to T. F. Rogers.

New Business.

Our city is to have another meat and grocery store. Marion French has rented the room corner of Maysville and Court streets, which has for many years been used as a saloon. He has had the room renovated and has bought fixtures and stock of groceries. We wish him success. We are pleased to see this old landmark of our city converted into uses that nourish and perpetuate the body instead of killing it, and we hope to see every building used as a saloon dedicated to a business that is helpful.

Notice.

All persons owing the estate of late Charles Reis will please call and settle at once, and all persons having claims against his estate will please present same to the proper court.

Very respectfully,

Mrs. Charles Reis.

Opening.

On Saturday, February 9, will be opening day at M. B. French's new grocery and meat store, east corner store, opposite Court House. Goods are all fresh, not one item of old stock. We handle domestic and family groceries and fresh and canned meats. This is a real up-to-date grocery. Will sell at close prices and give quick delivery. Don't forget opening day, Saturday, February 9.

For SALE—Timothy Hay.
W. W. Wilson.

It is said that the Union City Lumber Co., of Grand Rapids, contemplate erecting a cement plant in Monongalia county.

Leg Broken.

On Thursday Mrs. Andy Cline slipped on the icy pavement near her home on Locust street, fell and broke her leg just above the ankle.

Henry Judy, having engaged in the poultry and egg business with S. Renaker at the old stand of Renaker on Locust street, asks his friends to see him before selling their chickens, turkeys, ducks, geese, hens, etc. Phone 113. 25f

MARRIAGES.

SPENCER-SCOTT.

Rev. Howard Spencer, of Louisville, and Miss Elizabeth Scott, daughter of Chas. Scott, of Sherrill, Ky., were married in Lexington Wednesday. The groom is the son of Rev. I. J. Spencer, of Lexington.

M'NAMARA-WITTENBORG.

At St. Patrick's Church, Covington, Ky., today (Wednesday) February 6, 1907, Miss Mary McNamea of this city, will be married to Mr. Edward Wittenborg, of Catlettsburg, Ky., Rev. Father Smith officiating. Miss McNamea is a popular and attractive young lady, possessing all the qualities of true womanhood. Mr. Wittenborg in book-keeper for the Quaker Oats Co., Cincinnati. The ADVOCATE extends congratulations and best wishes.

MIMS-WHITE.

The marriage of Miss Isa B. White, of this city, and Mr. Hugh Mims, of Morristown, Tenn., will take place at the Methodist Church, this (Wednesday) evening at 8 o'clock, February 6, 1907. The ceremony will be performed by Revs. C. J. Nugent and H. G. Turner. Miss Mary Ray Trimble, cousin of the bride, will be the maid of honor, and Mr. Neil Mims, brother of the groom, will be best man. The other attendants are: Misses Alice Apperson, Nell Tipton, Louise Lloyd and Mary Crawford Lloyd; Messrs. George Hodges, of Knoxville, Wm. D. McSween and James R. Jones, both of Newport, Tenn., and John W. Trimble, of this city. The bride is a very charming young lady, whose many friends will regret to lose her from our city. The bride and groom will leave on the night express for Washington and New York thence by ocean to Savannah and New Orleans, then to Asheville, N. C., then to Morristown, Tenn., their home. The rehearsal occurred on yesterday afternoon. Miss Grace Howell presided at the organ and Gamill Seuff sang. Mrs. Meguier, grandmother of the bride, entertained at dinner on yesterday. The visitors from other states are Messmates Neil Mims, and Fred Greer, of Newport, Tenn., Ed. Bean, of Birmingham, Ala., and Leila Henry, of Chicago.

I pay the highest market price for eggs, poultry of all kinds, hides and tallow.

27-4t Ed. T. Hon.

Members of the A. S. of E., of Montgomery county, and other tobacco growers who are interested will meet at the Court House, Mt. Sterling, Saturday, February 9, 1907, at 1:30 o'clock, to consider plans for organizing an Equity Warehouse Company and for considering other items of interest. All interested are invited.

Poultry and Eggs Wanted.

Henry Judy, having engaged in the poultry and egg business with S. Renaker at the old stand of Renaker on Locust street, asks his friends to see him before selling their chickens, turkeys, ducks, geese, hens, etc. Phone 113. 25f

Accepts the Law.

Mrs. Wilson has renounced the will of her husband, D. B. Wilson, and will share his estate according to the law. He left property to his children.

Wall Paper.

All grades of wall paper now on sale at a 20 per cent. reduction for cash. 30-2t M. R. Hainline.

Acquitted.

Monroe Elkin, on trial at Campion, Ky., for killing Don Lockhart, was acquitted.

Jno. J. Fleming died in supposed poverty at Alameda, Cal., leaving an estate valued at \$40,000. Of this amount \$13,000 was on deposit in city banks, the remainder in real estate.

RELIGIOUS

Preaching at Springfield next Sabbath afternoon at 3 o'clock.

Preaching at the Southern Presbyterian Church Wednesday, Thursday and Friday evenings of this week at 7 o'clock. Communion service next Sabbath at 11 o'clock.

Mrs. Sarah Yancey, of Lexington, will be at the Christian Church on Sunday. During the Bible School hour she will have a message especially for the children, and in the afternoon she will meet the ladies of the missionary societies.

Rev. T. Benton Hill arrived here on Saturday and delivered two excellent sermons at the Baptist Church Sunday. Congregations were large and attentive. The Methodist and two Presbyterian congregations adjourned their evening meetings and worshipped at the Baptist Church. He will not be here next Sunday, having received a telegram that his aged mother is paralyzed. His pulpit will be occupied.

Subjects at the Mission this week:

Wednesday—Personality of the Holy Spirit; John xiv, 26.

Thursday—He is Promised Now; Acts ii, 38-39.

Friday—Praying for Holiness.

Ghost, Luke xi, 13.

Saturday—Sanctification; 1st Thes. iv, 3.

Sunday, 11 a. m.—Fruits of Spiritual Life; Galatians, v, 22.

Sunday, 7 p. m.—Sinner Life; Hebrew, xii, 14.

Cordial invitation to all.

The W. C. T. U. meets Thursday at 2:30 at Mrs. Heinrich's on Harrison avenue.

Lowest price on barbed and smooth wire at

C. T. Flanders', R. F. D. 3, 30-4t Mt. Sterling, Ky.

See account of "Great Tobacco Sales at Shellburne's Warehouse in Lexington." Business is booming with them.

FOR RENT—Store Room, Main Court street, Owingsville, Ky., opposite west side Court House, lately occupied by Outlook office. Fine stand and good opening for most any kind of business.

27-4t Owingsville Banking Co.

The attendance at Trimble's Rink on Friday evening to witness the contest was large. The event was very interesting. The first prize, \$5 in gold, was awarded to Waller Chennault and Miss Ollie Wood; the second prize, \$3, to Vernon Hilde and Miss Gladys Samuels; third prize, \$2, to Thomas Colman and Miss Flo Shirley. The rink is growing in popularity.

A Good Fence for Little Money. That's what Royal Fence is. 26, 32 and 47 inches high. Our price the lowest.

C. T. Flanders', R. F. D. 3, Mt. Sterling, Ky.

Clark county's part of the James town Exposition fund is \$500.87. Judge Benton personally interviewed about 75 persons only five declined to give and has secured in cash \$100. The entire amount will be easily obtained.

MOTHERS READ THIS

DAUGHTER OF C. W. STUMP

Mrs. C. W. Stump, of Canton, Ohio, writes: "I wish I could induce every mother who has a weak, sickly child to try that delicious cod liver preparation, Vinol. Our little daughter was pale, thin and sickly."

"We tried various medicines, but without any benefit whatever, and she could not take cod liver oil or emulsions, as they nauseated her and upset her stomach."

"Learning that Vinol contains all the medicinal and strength-creating properties of cod liver oil, but without the disagreeable oil, we decided to try it, and the results were marvelous, so quickly was she restored to health and strength."

We have never sold a medicine equal to Vinol for delicate children.

W. S. Lloyd, Druggist.

Forms Partnership With Head of Great Financial Institution.

William K. Oliver, of Knoxville, Tenn., whose bid to construct the Panama canal has been accepted, contingent upon his associating himself with one or more responsible contractors satisfactory to the Government, said that he is forming "will certainly meet with the approval of President Roosevelt and Secretary Taft."

Mr. Oliver authorizes the Associated Press to say that he has already entered into partnership with Frederick C. Stevens, President of the Commercial National Bank, of New York, who was recently appointed Superintendent of Public Works of the State of New York.

P. S.—The above was taken from Courier-Journal on Wednesday. Thursday's paper emphatically by direct authority from White House contradicts the above. Reporters should quit guessing.

Course of Gulf Stream Has Materially Changed.

The fact that the gulf stream has made important changes in its course is announced by the gulf division of the hydrographic office. These changes are noted between the time the stream leaves the north coast of South America until it enters the Atlantic.

Capt. Soley has found evidence of a submarine oil well about 200 miles south of the Louisiana coast, the surface of the water indicating oil from the bottom of the gulf.

Dyspepsia is our national ailment. Burdock Blood Bitters is the national cure for it. It strengthens stomach membranes, promotes flow of digestive juices, purifies the blood, builds you up. 30¢ a bottle.

Panama Steamer Unloads Supplies

The Panama railroad steamer Advance, enroute to New York, landed supplies at Kingston for the earthquake sufferers. The Chief of Commissary from the Canal Zone was in charge of the provisions and tents. Fifty-seven passengers were carried to Kingston, all of whom were canal laborers returning to their homes in Jamaica to look after their families. One lighter load of provisions was capsized in the bay and lost. The Advance left tons of provisions on the dock.

Released on Bond.

At Louisville Judge Joseph Pryor handed down his opinion on the motion for bail on behalf of Dr. Sarah Murphy, holding that the case was bailable and fixing the bond at \$1,000. She figured in an unfortunate girl.

Rooms for rent in the Marshall property on Clay street. Phone 25-1745.

CAN BE HEARD ONE MILE.

Photograph Invented by a French man Has This Quality.

A phonograph which can be heard a mile away is the new French invention, the elephonograph, says the Musical Age. The sound is produced by the use of what are called speaking flames, and the principles governing the method were first explained in 1903 by G. C. Porter before the London Physical society.

Mr. Peter found that if a tuning fork be struck and then held in the flame of a Bunsen burner the sound is proportionally increased. The maximum of sound intensity occurs when the fork is held where the flame is hottest.

The French inventor, G. Landet, uses a record which has the sound vibrations marked not in depth, but in length, and the stylus travels horizontally, like a pendulum. The stylus separates the gas chamber into two parts and the gas then passes on to the burners. The vibrations of the disk open and close the gas openings, causing the flow to vary.

The sound is so intense that it can be heard a mile away. It can be lessened by regulating the burner, but the power of sound is found to be always proportional to the energy given off during combustion.

CIPHER MARKS UNPOPULAR.

The cipher price mark, the tag not marked "\$1.57" but "P12edp," is getting to be a pain of the past," said a jeweler. "The public mistrusts it. There is nothing that wins the confidence of the public like a price mark in big plain figures."

"Most cipher price marks are easily read. They have for their key, as a rule, the sentence, 'I push trade.' The 'I' is 1, the 'P' 2, and 'u' 3 and so on down to the 'e,' which stands for 0. Thus \$2.57 in cipher would be 'Spch.'

"Ciphers are useful for firms that give long credit, for such firms must naturally ask more from a six-months' customer than a spot cash one. But they are very unpopular things. They arouse universal mistrust."

PREVENTS SHIP'S ROLLING.

A German engineer claims to have discovered an efficient method of preventing the violent motion of a ship at sea. The invention consists of a kind of turbine fitted vertically to the ship's keel. When set in motion the turbine counteracts the ship's tendency to roll from side to side. An old torpedo boat was fitted with the apparatus for a trial trip in rough weather off the mouth of the Elbe. The ship rolled to the extent of nine degrees, but after the turbine was set in motion she only rolled one degree. The result was attained without any reduction of seaworthy ness and the ship's buoyancy was un affected.

CHARGE ADMITTED.

A husband was being arraigned in court in a suit brought by his wife for cradly.

"I understand, sir," said the judge, addressing the husband, "that one of the indignities you have showered upon your wife is that you have not spoken to her for three years." Is that so?"

"It is, your honor," quickly answered the husband.

"Well, sir," thundered the judge, "why didn't you speak to her, may I ask?"

"Simply," replied the husband, "because I didn't want to interrupt her,"—Pittsburgh Press.

SAFER.

Office Boy—Two men to see you sir. One of 'em has a gun and the other a poem.

Editor—Show in the one with the gun.

IN THE CURIO HALL.

"It's just scandalous the way the Bearded Lady is leading him about with those heezes these days," remarked the Wild Man from Borneo. "I should think he'd be afraid o' delirium tremens."

"Oh, no, he considers himself safe," replied the Living Skeleton. "He's married to the Snake Charmer, you know."

COMFORTING WORDS.

Many a Mt. Sterling Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Mt. Sterling readers.

Mollie A. Power, of Main street, Richmond, Ky., the well-known ladies' tailor, says: "For seven years I suffered almost continuously from kidney troubles, all the symptoms usual to such cases manifesting themselves. I was unable to find anything in the large number of remedies which I tried that seemed at all likely to do me any good, and one by one I gave them up. Finally I heard of Doan's Kidney Pills in a way that made me believe they must be good and I got a box. They helped me from the first and I take keen pleasure in this opportunity to state my belief in Doan's Kidney Pills."

Plenty more proof like this from Mt. Sterling people. Call at F. C. Duerson's drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

30-21

A specific for pain—Dr. Thomas' Electric Oil, strongest, cheapest liniment ever devised. A house hold remedy in America for 25 years.

30-4

LIKE A LIGHTNING CHANGE.

In some parts of the West Indies the negroes speak with a brogue. They are descended from the slaves of the Irish adventurers who accompanied the Spanish settlers. An Irishman arriving at a West Indian port was accosted by a negro fruit vendor with "The top of the morning to ye, an' would ye be after wantin' to buy a bit of fruit, sor?"

The Irishman looked at him a moment.

"An' how long have ye been here?" he asked.

"Goin' on three months, yer hon'r," said the vendor, thinking of the time since he had left his inland home.

"Three months, is it? Only three months an' as black as that? Faith, I'll not land."

COMPENSATING ADVANTAGE.

"They say you are but the servant of the trusts," said the reproving friend.

"Well," answered Senator Sorgum, "the position has its advantages. Of course, it's more agreeable to be the bass—out, after all, the servant isn't the one the grand jury goes after."

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called habit-forming medicines containing injurious ingredients as broadly defined, the fact remains that their use has influenced this publicity has certainly been of great benefit in arousing needed interest in the subject. A considerable measure, resulted in the most intelligent people avoiding such medicines as far as possible, and in the expected of containing the injurious ingredients complained of. Recognizing this, the manufacturer of Dr. Doan's, N. Y., "took time by the forelock," as it were, published broadsides and the ingredients in which the potent medicines are composed all over the country. Thus he has compelled the public to realize that there are other opportunities which might otherwise be urged against his medicines because they are not habit-forming. Furthermore, from the formula printed on every bottle wrapped, it will be seen that these are not habit-forming drugs, but are to be used in combination with other habit-forming drugs.

His companion grunted: "They may look lovely to you, but the farmers hate 'em an' call 'em cabbage butterflies. They seem harmless enough, but their larvae devour cabbages with enormous rapidity; hence their name. When a farmer sees an unusual quantity of white butterflies hovering around his looks to his cabbage patch. He knows he will find myriads of little worms on them, and that it is only by the most strenuous measures he can save them. This year there have been flocks of the white butterflies, and it may mean that we are to go cabbageless this winter. At any rate, if you buy any cabbages, soak them a good long while in salt water before using them."

TO A HIGHER COURT.

Harry is the son of a lawyer who talks shop a good deal at home. He had been naughty and his mother, after getting him into a back room upstairs, approached him with a slipper upon which she had secured a lime green.

"Hold on, ma," the boy hollered. "I'm going to carry this case up, and you ain't got no right to execute judgment before we get a decision from pa."

ONE OF THE NICE, QUIET KIND.

Jones—My wife has lost her voice.

She can't speak above a whisper.

Smith—That kind of a wife is worth having.

TOMB OF THE CHRISTIAN.

Peculiar Burial Place Erected by Monarch in Algeria.

The Tomb of the Christian in Algeria is a pyramid on the summit of a hill more than 700 feet high, at the edge of the sea, says the Autocar. It dates back to before the time of St. Paul, having been built by order of Juba II, the king of Mauretania, as a burying place for himself and his wife, Cleopatra, the daughter of Cleopatra and Mark Antony. The only daughter of Juba and his wife was Drusilla, who married Festus, the governor of Judea in the time of St. Paul. The tomb can be entered by a low doorway beneath one of the four false doors. These have molds on them of a crucifix shape and may account for the title, "The Tomb of the Christian." The passage within the pyramid winds round and eventually leads to two chambers shut off from it by folding doors, which can be moved up and down by levers. The tomb must have been rifled a long time ago, as the bones of the king and queen, supposing the two chambers, like the false doors outside, to be a blind. Doubtless, the younger Cleopatra had brought the idea of making a royal mausoleum in the shape of a pyramid from Egypt. Portions of a marble statue of Egyptian design were found at Cherchel, suggesting that an Egyptian colony may once have existed there. There are two other similar monuments in Algeria, in the provinces of Oran and Constantine, respectively, the latter being considerably older than the Tomb of the Christian, which, however, is the only one referred to in ancient writings.

BIRDS COURTING COLORS.

The primary use of the flashes or bright colors exhibited by birds in flight was probably for purposes of courtship. In "displaying" before their mates birds almost always drop their wings and expand their elevated tails, thus showing off to full advantage the conspicuous colors or markings.

It is diverting sometimes to note the tricks which the males of various kinds of birds have acquired in order to display all their charms. Pigeons, for instance, are very magnificent in front, with rainbow gloss upon the throat and breast; and these are fully displayed in the act of cooing, when the male bird sweeps toward the female on tiptoe, with head erect and throat expanded.

But the pigeon is also very handsome behind, with silver-blue back and broad, black-barred tail. So, as he cannot display these when standing on tiptoe facing his mate, he prances round at the conclusion of his coo, and gives her a chance of admiring his back view.

TOO DESTRUCTIVE.

The woman who was enjoying a drive in the country pointed with rapture to a bevy of white butterflies which was flying around and around in a dizzy circle. "Aren't they lovely?" she asked, enthusiastically.

Her companion grunted: "They may look lovely to you, but the farmers hate 'em an' call 'em cabbage butterflies. They seem harmless enough, but their larvae devour cabbages with enormous rapidity; hence their name. When a farmer sees an unusual quantity of white butterflies hovering around his looks to his cabbage patch. He knows he will find myriads of little worms on them, and that it is only by the most strenuous measures he can save them. This year there have been flocks of the white butterflies, and it may mean that we are to go cabbageless this winter. At any rate, if you buy any cabbages, soak them a good long while in salt water before using them."

AMERICAN TO TRAVEL IN POMP.

The forthcoming tour through India of the ammir of Afghanistan will be conducted with great pomp and ceremony. It is the first time that the ammir will have left his own country and he will take with him an imposing retinue of some 1,500 persons.

POLITICAL CHAT.

"I expect the successful candidate will be fearfully tired after the election is over."

"Yes," answered Mr. Dustin Stax.

"It is a wise compensation. When a man loses his fortune he saves the time he used to spend shaking hands and listening to hard-nick stories and getting a chance to make another."

THE VERY REASON.

Mr. Nuritch—What! You want to marry my daughter? Why, you ain't able to support yourself.

Young Nervy—Quite so. That's the very excuse I give to my family for wanting to marry your daughter.

OVERSHADOWED.

"So your book was a disappointment."

"Yes," answered the author. "It was the publishers' fault. Everybody said it wasn't near as clever and original as the advertisements."

WHAT'S IN A NAME?

Boy—Here's my bill for repairing her furniture.

Smith—Is the bill received?

Boy—Now, I'll collect! It's de chairs wot's paid.

IT'S A LOT OF VALUE.

"I pledge you my honor, sir, to pay the boy—"

"How much do you want? Thirty cents?"—Baltimore American.

HIS APPEARANCE IN UNIFORM.

What One Man Thought of It and What His Father Did.

Many men and almost all women are strangely drawn toward a uniform. The first day on his beat the officer of the law need not go hungry or thirsty, and the soldier has always been all the rage. But there are exceptions who do not do on uniforms. Seated in a local cafe a few days ago was a prominent citizen of Massachusetts waiting for a man whom he had no reason to suspect would enter and, discussing the subject of uniforms, he said:

"When the late Gov. Russell was first elected I was invited to become a member of his staff. My father, who was getting along in years, was strongly opposed to it; argued that it would cost a great deal more in money, time and indigestion that it was worth and he wasn't far from right. However, I became a colonel and one evening after I'd been with the governor at some kind of social gathering near my town I drove home. I'd been dined and wined and was rather proud of my appearance, and my father had never seen me in all my glory; I called him out into the hall. He came, sleepily rubbing his eyes.

"What do you think of me?" I asked, throwing out my chest. "At first I thought you were a policeman," he replied, "but now I've looked you over I think you're a d—d fool!"—Providence Tribune.

AT THE MARRIAGE BUREAU.

"Here am I, waiting two hours growing older every minute—wishes they'd hurry."

A COLD-BLOODED OPINION.

"When a man loses his money," remarked the cynic, "he finds out who his friends are."

"Yes," answered Mr. Dustin Stax. "It is a wise compensation. When a man loses his fortune he saves the time he used to spend shaking hands and listening to hard-nick stories and getting a chance to make another."

MANUSCRIPTS TRAVELS.

"Here is a manuscript of mine," said the author, "which has been going the rounds of the magazine offices so long that if an editor were to accept it in an unguarded moment I should feel that I had lost an old friend."

"Why, it has even crossed the ocean and returned home without wreck. It represents \$40 worth of stamps to me, not to mention nine gallons of 'midnight oil' and \$8 worth of typewriting. But its journey isn't ended yet—not yet! I'm taking it to a tailor now to have it cleaned and pressed and the ragged edges trimmed, and then I'll give it another whirl!"

AS A LAST EXTREME.

Once a number of legal lights in Washington were gathered in the smoking room of a lawyer's club, when the talk turned to a discussion of the veracity of lawyers. "The average man," remarked one disciple of Blackstone, "seems only too ready to assume we are all liars—a very unjust position, it seems to me. Do we not sometime tell the truth?" he asked of his neighbor, a well-known criminal lawyer.

"Certainly," promptly responded the latter. "We will do anything sometimes to win a case."

A COMMENTARY.

Knicker—Thrice armed is he who has his quarrel just.

Bocker—I suppose that means he has to take the girl three boxes of candy to wake up.

MAN OF MODERATE MEANS.

One Use for Which He Would Like to Have a Little More Money.

"I wouldn't want," said the man of moderate means, "to be as rich as Kreusus; I wouldn't even want money enough to make me lazy; I think great riches, that is, great, would be bad for most of us, but I really would like to have money enough so that I could wear any sort of clothes I wanted in any sort of weather. As it is, it's like this:

"My stock of clothes is limited. I have enough to make me presentable in fair weather but no reserve of such clothes and of course I can't afford to take chances with what I've got, and so the weather is always an object of concern to me.

"Shall I wear my good clothes?" I say to myself, as I look out at the sky on a lower morning, or shall I put on my old ones? I don't want to wear my old clothes if it's going to clear off and I can't afford to wear my good clothes if it's going to rain, and being in this state of mind doesn't help me any in my judgment, for a man can come closer to guessing right on things in which he is not personally interested than he can on things in which he is.

"So sometimes I start out with my good clothes on days that turn out to be rainy, though often I wear my old clothes on days that turn out bright and sunny, or shall I wear my old clothes if it's going to rain just now, as well as have worn my good ones, necessarily naturally tending to make one overcautious.

"But still, I can't afford to chance.

"I wouldn't want to be as rich as Jon Jakob Aster, nor even as old man Rockefeler, but I would like to have money enough so that I could wear any sort of clothes I wanted in any sort of weather." —New York Press.

PIONEER OF ELECTRICITY.

The learned Ampere—whose name is used more frequently every day in these times of electric traction—has been dead for 10 years, and a memorial tablet in his honor is shortly to be unveiled at Lyons. He is probably better known to most of his countrymen for his absence of mind than for his scientific achievements.

He it was (though Newton is often said to have done the same thing before him) who cut a big and little hole in his door for the cat and the kitten to pass through. He it was who slipped his biscuit in the inkpot and thought the wine rather bitter; who while examining the markings on a pebble took out his watch to look at the time, but put the pebble in his pocket and threw the watch away. There are scores of such tales about Ampere. He, indeed, thought little of anything but his scientific pursuits, neglecting his health and his fortune and leaving behind a legacy without which half the electrical inventions of to-day would have been impossible. He certainly merits a commemorative tablet.

HERMAN'S MANUSCRIPT.

"Herman is a manuscript of mine," said the author, "which has been going the rounds of the magazine offices so long that if an editor were to accept it in an unguarded moment I should feel that I had lost an old friend."

"Why, it has even crossed the ocean and returned home without wreck. It represents \$40 worth of stamps to me, not to mention nine gallons of 'midnight oil' and \$8 worth of typewriting. But its journey isn't ended yet—not yet! I'm taking it to a tailor now to have it cleaned and pressed and the ragged edges trimmed, and then I'll give it another whirl!"

THE VERY REASON.

Mr. Nuritch—What! You want to marry my daughter? Why, you ain't able to support yourself.

Young Nervy—Quite so. That's the very excuse I give to my family for wanting to marry your daughter.

OVERSHADOWED.

"So your book was a disappointment."

"Yes," answered the author. "It was the publishers' fault. Everybody said it wasn't near as clever and original as the advertisements."

WHAT'S IN A NAME?

Boy—Here's my bill for repairing her furniture.

Smith—Is the bill received?

Boy—Now, I'll collect! It's de chairs wot's paid.

IT'S A LOT OF VALUE.

"I pledge you my honor, sir, to pay the boy—"

"How much do you want? Thirty cents?"—Baltimore American.

MOTHERS READ THIS

DAUGHTER OF C. W. STUMP

Mrs. C. W. Stump, of Canton, Ohio, writes: "I wish I could induce every mother who has a weak, sickly child to try that delicious cod liver preparation, Vinol. Our little daughter was pale, thin and sickly.

"We tried various medicines, but without any benefit whatever, and she could not take cod liver oil or emulsions, as they nauseated her and upset her stomach.

"Learning that Vinol contains all the medicinal and strength-creating properties of cod liver oil, but without the disagreeable oil, we decided to try it, and the results were marvelous, so quickly was she restored to health and strength."

We have never sold a medicine equal to Vinol for delicate children.

W. S. Lloyd, Druggist.

Forms Partnership With Head of Great Financial Institution.

William K. Oliver, of Knoxville, Tenn., whose bid to construct the Panama canal has been accepted, contingent upon his associating himself with one or more responsible contractors satisfactory to the Government, said that the syndicate he is forming "will certainly meet with the approval of President Roosevelt and Secretary Taft."

Mr. Oliver authorizes the Associated Press to say that he has already entered into partnership with Frederick C. Stevens, President of the Commercial National Bank, of New York, who was recently appointed Superintendent of Public Works of the State of New York.

P. S.—The above was taken from Courier-Journal on Wednesday. Thursday's paper emphatically by direct authority from White House contradicts the above. Reporters should quit guessing.

Course of Gulf Stream Has Materially Changed.

The fact that the gulf stream has made important changes in its course is announced by the gulf division of the hydrographic office. These changes are noted between the time the stream leaves the north coast of South America until it enters the Atlantic.

Capt. Soley has found evidence of a submarine oil well about 200 miles south of the Louisiana coast, the surface of the water indicating oil from the bottom of the gulf.

Dyspepsia is our national ailment. Burdock Blood Bitters is the national cure for it. It strengthens stomach membranes, promotes flow of digestive juices, purifies the blood, builds you up. 30-4

Panama Steamer Unloads Supplies

The Panama railroad steamer Advance, enroute to New York, landed supplies at Kingston for the earthquake sufferers. The Chief of Commissary from the Canal Zone was in charge of the provisions and tents. Fifty-seven passengers were carried to Kingston, all of whom were canal laborers returning to their homes in Jamaica to look after their families. One lighter load of provisions was capsized in the bay and lost. The Advance left tons of provisions on the dock.

Released on Bond.

At Louisville Judge Joseph Poyner handed down his opinion on the motion for bail on behalf of Dr. Sarah Murphy, holding that the case was bailable and fixing the bond at \$1,000. She figured in death of an unfortunate girl.

Rooms for rent in the Marshall property on Clay street. Phone 25.

CAN BE HEARD ONE MILE.
Phonograph Invented by a Frenchman Has This Quality.

A phonograph which can be heard a mile away is the new French invention, the phonographe says the Musical Age. The sound is produced by the use of what are called speaking flames, and the principles governing the method were first explained in 1903 by G. C. Porter before the London Physical Society.

Mr. Peter found that when the fork is struck and then held in the flame of a Bunsen burner the sound is perceptibly increased. The maximum of sound intensity occurs when the fork is held where the flame is hottest.

The French inventor, G. Landet, uses a record which has the sound vibrations marked not in depth, but in length, and the stylus travels horizontally, like a pendulum. The stylus separates the gas chamber into two parts and the gas then passes to the burners. The vibrations of the disk open and close the gas opening, causing the flow to vary.

The sound is so intense that it can be heard a mile away. It can be lessened by regulating the burner, but the power of sound is found to be always proportional to the energy given off during combustion.

CIPHER MARKS UNPOPULAR.

"The cipher price marks, the tag not marked '\$1.15' but 'P12c', is getting to be a thing of the past," said a jeweler. "The public mistrusts it. There is nothing that wins the confidence of the public like a price mark in big, plain figures. Most cipher price marks are easily read. They have for their key, as a rule, the sentence 'I push trade.' The 'I' is 1, the 'p' 2, and 'n' 3 and so on down to the 'e', which stands for 0. Thus '\$2.15' in cipher would be 'Spire.'

"Ciphers are useful for firms that give long credit, for such firms must naturally ask more from a six months' customer than a spot cash one. But they are very unpopular things. They arouse universal mistrust."

PREVENTS SHIP'S ROLLING.

A German engineer claims to have discovered an efficient method of preventing the violent motion of a ship at sea. The invention consists of a kind of turbine fitted vertically to the ship's keel.

When set in motion the turbine counteracts the ship's tendency to roll from side to side. An old torpedo boat was fitted with the apparatus for a trial trip in rough weather off the mouth of the Elbe. The ship rolled to the extent of nine degrees, but after the turbine was set in motion she only rolled one degree.

The result was attained without any reduction of seafarness and the ship's buoyancy was unaffected.

CHARGE ADMITTED.

A husband was being arraigned in court in a suit brought by his wife for cruelty.

"I understand, sir," said the judge, addressing the husband, "that one of the indignities you have showered upon your wife is that you have not spoken to her for three years. Is that so?"

"It is, your honor," quickly answered the husband.

"Well, sir," thundered the judge, "why didn't you speak to her, may I ask?"

"Simply," replied the husband, "because I didn't want to interrupt her."—Pittsburgh Press.

SAFER.

Office Boy.—Two men to see you, sir. One of 'em has a gun and the other a poem.

Editor.—Show in the one with the gun.

IN THE CURIO HALL.

"It's just scandalous the way the People's Lady is loading herself with booze these days," remarked the Wild Man from Borneo. "She thinks he'd be afraid o' delirium tremens."

"Oh, no, he considers himself safe," replied the Living Skeleton. "He's married to the Snake Charmer, you know."

COMFORTING WORDS.

Many a Mt. Sterling Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Mt. Sterling readers.

Mollie A. Power, of Main street, Richmond, Ky., the well-known ladies' tailor, says: "For seven years I suffered almost continuously from kidney troubles, all the symptoms usual to such cases manifesting themselves. I was unable to find anything in the large number of remedies which I tried that seemed at all likely to do me any good, and one by one I heard of Doun's Kidney Pills in a way that made me believe they must be good and I got a box. They helped me from the first and I took pleasure in this opportunity to state my belief in Doun's Kidney Pills."

Plenty more proof like this from Mt. Sterling people. Call at F. C. Duerson's drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doun's—and take no other.

30-24

A specific for pain—Dr. Thomas' Electric Oil, strongest, cheapest liniment ever devised. A house-hold remedy in America for 25 years.

30-4t

LIKE A LIGHTNING CHANGE.

In some parts of the West Indies the negroes speak with a brogue.

They are descended from the slaves of the Irish adventurers who accompanied the Spanish settlers. An Irishman arriving at a West Indian port was accosted by a negro fruit vendor with "The top of the morning to you an' what ye'd be after wantin' to buy a bit of fruit, sor?"

The Irishman looked at him a moment.

"An' how long have ye been here?" he asked.

"Goin' on three months, yer honor," said the vendor, thinking of the time since he had left his inland home.

"Three months, is it? Only three months an' as black as that? Faith, I'll not hand."

COMPENSATING ADVANTAGE.

"They say you are but the servant of the trusts," said the reproving friend.

"Well," answered Senator Sorgum, "the position has its advantages. Of course, it's more agreeable to be the *boss*, after all, the servant isn't the one the grand jury sees after."

But the pigeon is also very handsome, with silver-blue back and broad, black-barred tail. So as he cannot display these when standing on tiptoe facing his mate, he pirouettes round at the conclusion of a dizzy circle. "Aren't they lovely?" she said, enthusiastically.

Her companion grunted: "They look lovely, to you, but the farmers hate 'em an' call 'em cabbage butterflies. They see them harmless enough, but their mates devore cabbages with enormous rapidity; hence their name.

When the farmer sees an unusual quantity of white butterflies hovering around he looks to his cabbages. He knows he will find myriads of little worms on them, and that it is only by the most strenuous measures he can save them. This year there have been flocks of the white butterflies, and it may mean that we are to go cabbageless this winter. At any rate, if you buy any cabbages, soak them a good long while in salt and water before using them."

TOO DESTRUCTIVE.

The woman who was enjoying a drive in the country pointed with capture to a box of white butterflies which was flying around and around in a dizzy circle. "Aren't they lovely?" she said, enthusiastically.

Her companion grunted: "They look lovely, to you, but the farmers hate 'em an' call 'em cabbage butterflies. They see them harmless enough,

but their mates devore cabbages with enormous rapidity; hence their name.

POLITICAL CHAT.

"I expect the successful candidate will be fairly fatigued after the election is over."

"Yes, but they can stand it. They won't be half so tired as the unsuccessful candidates will be,"—Detroit Free Press.

THE VERY REASON.

Mr. Nuritch—What! You want to marry my daughter? Why, you ain't able to support yourself.

Young Nervey—Quite so. That's the very excuse I gave to my family for wanting to marry your daughter.

OVERSHADOWED.

"So your boy was a disappointment."

"Yes," answered the author. "It was the publisher's fault. Everybody said it wasn't near as clever and original as the advertisements."

WHAT'S IN A NAME?

Boy—Here's yer bill for repairing your furniture.

Smith—Is the bill received?

Boy—Now, you listen! It's de chairs wot's a sot.

ITS OWN VALUE.

"I pledge you my honor, sir, to re-

pay the loan."

Smith—That kind of a wife is

worth having.

HIS APPEARANCE IN UNIFORM.

What One Man Thought of It and What His Father Did.

Many men and almost all women are strangely drawn toward a uniform. The first day on his beat the officer of the law need not go hungry or thirsty, and the soldier has always been all the rage. But there are exceptions who do not dote on uniforms. Seated in a local cafe a few days ago was a prominent citizen of Massachusetts waiting for a man whom he had no reason to suspect would enter and, discussing the subject of uniforms, he said:

"When the late Gov. Russell was

first elected he was invited to become a member of his staff. My father, who was getting along in years, was strongly opposed to it; argued that it would cost a great deal more in money, time and indigestion that it was worth and he wasn't fit from right. However, I became a colonel and one evening after I'd been with the governor at some kind of social fracas near my town I drove home; I'd been dined and wined and rather proud of my appearance, and as my father had never seen me in all my glory I called him out into the hall. He came, sleepy rubbing his eyes.

"What do you think of me?" I asked, throwing out my chest.

"At first I thought you were a policeman," he replied, but now I've looked over you I think you're a d—d fool,"—Providence Tribune.

AT THE MARRIAGE BUREAU.

"Here am I, waiting two hours growing older every minute—with them'd hurry."

A COLD-BLOODED OPINION.

"When a man loses his money," remarked the cynic, "he finds out who his friends are."

"Yes," answered Mr. Dustin Sixx. "It is a wise compensation. When a man loses his fortune he saves the time he used to spend shaking hands and listening to hard-sell stories, and gets a chance to make another,"

He was said to have done the same thing before he cut a big and little hole in his door for the cat and the kitten to go through. It he was so dippy his biscuit in the inkpot and thought the wine rather bitter; who while examining the markings on a pebble took out his watch to look at the time, and threw the pebble away. There are scores of such tales about America. He, indeed, thought little of anything but his scientific pursuits, neglecting his health and his fortune and leaving behind a legacy without which half the electrical inventions of to-day would have been impossible. He certainly merits a commendation.

MANUSCRIPTS TRAVELED.

"Here is a manuscript of mine," said the author, "which has been going the rounds of the magazine offices so long that if an editor were to accept it in an unguarded moment I should feel that I had lost an old friend."

"Why, it has even crossed the ocean and returned home again!" said the publisher. "It represents \$40 worth of stamps to me, not to mention nine gallons of 'midnight oil' and \$8 worth of typesetting. But its journey isn't ended yet—not yet! I'm taking it to a tailor now to have it cleaned and pressed and the ragged edges trimmed and then I'll give it another whirl!"

AS A LAST EXTREME.

One of a number of legal lights in Washington were gathered in a smoking room of a lawyer's office when the talk turned to a discussion of the veracity of lawyers. "The average man," remarked one disciple of Blackstone, "seems only too ready to assume we are all liars—a very unjust position, it seems to me. Do we not sometimes tell the truth?" he asked of his neighbor, a well-known criminal lawyer.

"Certainly," promptly responded the latter. "We do anything sometimes to win a case."

A COMMENTARY.

Knicker—"Thrice armed is he who hath his quarrel just."

Bocker—"I suppose that means he has to take the girl three boxes of candy to make up."

MAN OF MODERATE MEANS.

One Use for Which He Would Like to Have a Little More Money.

"I wouldn't want," said the man of moderate means, "to be as rich as Kreuse; I wouldn't even want money enough to make me lazy; I think great riches, that is, great, would be bad for most of us, but I really would like to have money enough so that I could wear any sort of clothes I wanted."

"My stock of clothes is limited. I have enough to make me presentable in fair weather but no reserve of such clothes and of course I can't afford to take chances with what I've got, and so the weather is always an object of concern to me."

"Shall I wear my good clothes?"

"I say as I look out at the sky on a lowly morning, or shall I put on my old ones? I don't want to wear my old clothes on days that turn out to be rainy, though often I wear my old clothes on days that turn out bright and sunny, when I might just as well have worn my good ones, necessity naturally forcing me to make one overnights."

"But still, I can't afford to leave a chance."

"I wouldn't want to be as rich as Jon Jakob Astor, nor even as old man Rockefeller, but I would like to have money enough so that I could wear any sort of clothes I wanted to in any sort of weather,"—New York Press.

PIONEER OF ELECTRICITY.

The learned Ampere—whose name is used more frequently every day in these times of electric traction—has been dead for 70 years, and a memorial tablet in his honor is shortly to be unveiled at Lyons. He is probably better known to most of his countrymen for his absence of mind than for his scientific achievements.

He it was (though Newton is often said to have done the same thing before) who cut a big and little hole in his door for the cat and the kitten to go through. It he was so dippy his biscuit in the inkpot and thought the wine rather bitter; who while examining the markings on a pebble took out his watch to look at the time, and threw the pebble away. There are scores of such tales about America.

He, indeed, thought little of anything but his scientific pursuits, neglecting his health and his fortune and leaving behind a legacy without which half the electrical inventions of to-day would have been impossible. He certainly merits a commendation.
